Assistant Superintendent for Business

August, 2019

Dear Parents and Community Members,

Welcome back! I hope that the summer months were spent creating lasting family memories, and that you enjoyed the many activities that make this time of year so special for children.

As you are aware, my transition to Center Moriches began on July 3. During the summer months, I was afforded the opportunity to meet with many stakeholders within the District and the community. I would like to offer my sincere appreciation to all who took the time to meet with me. These conversations and interactions have helped to solidify my excitement in being part of this District. One of the most significant reasons I was interested in becoming the Superintendent at Center Moriches is the excitement around where the District is headed. Our commitment to International Baccalaureate (IB) provides a framework that ensures a balance between academic rigor, while attending to the social and emotional needs of our students.

Center Moriches is a special place filled with much success and even greater potential. District administration presently is working in concert with the Board of Education to develop goals for the school year. The top priority will remain consistent – maximizing student achievement and well-being. Our role as educators is to assist each student in reaching his/her own full potential. As parents and members of our community, you play a key role in this development. I am very proud to begin the school year serving as your Superintendent. As we enter into this partnership, I look forward to effective collaboration and communication with all of you. Your input into identifying the priorities of the District will be welcomed.

This summer, while our students were not in attendance, the administration, faculty, clerical staff, and custodial crew were hard at work to ensure the smooth opening of our schools for the 2019-20 school year. We are excited to meet the students joining us for the first time, and to welcome back our returning scholars. Our instructional staff has been hard at work preparing lesson plans, revising curriculum, examining new programs and technology integration initiatives, with the goal of providing a high-quality education for all.

Please refer to our website and social media accounts (follow me on Twitter @CMSchools_Super) to stay updated regarding all school activities. The district calendar will be mailed shortly and is already available on our website (<http://www.cmschools.org>) in PDF form. You will note that we have a busy year ahead, filled with many wonderful opportunities for our students. In fact, our theme for this year is “Endless Opportunities”. I look forward to seeing many of you at the various events scheduled throughout the month of September. With your support the 2019-20 school year will be a successful one for all students.

Warm Regards,

Ronald M. Masera
Superintendent of Schools
