**SUBJECT: FISCAL MANAGEMENT PRIORITY OBJECTIVES**

The Board recognizes that money and money management comprise the foundational support of the whole school program. To make that support as effective as possible, the Board intends:

1. to encourage advance planning through the best possible budget procedures;
2. to explore all practical sources of dollar income;
3. to guide the expenditure of funds so as to extract the greatest educational returns;
4. to expect top quality accounting and reporting procedures; and
5. to maintain the highest level of unit expenditure needed to provide high quality education within the ability of a community to pay.

The Board expects operation and maintenance of school plant and equipment to set high standards of safety, to promote the health of students and staff, to reflect the moral imperative of respecting and safeguarding taxpayer supported school equipment and supplies, and to support environmentally the efforts of the staff to provide an excellent education.
